

THE BOYS & GIRLS CLUB
OF BARSTOW

Transportation Permission Slip

Dear Parents,

As you may know we try to give our club members as many opportunities as we can to explore and experience new adventures. Part of this is riding in our club van with staff members. During the school year and summer we will provide notice before field trips as well as contact information for those staff going. We ask that you take a moment to talk with your club member about understanding it is important to listen to staff and to follow our expectations during these trips. This is a privilege and may be removed for misuse of van equipment and/or misbehavior during the trips or at the club. If you would like your member to attend these trips please sign below. We understand if you do not but please make other arrangements for your club member(s) on those days.

Yes, I give my child(ren) _____ to ride along with BGC Staff for trips and other events. I understand and have explained that this is a privilege to my member(s)
